

**Armorgard TuffCrate™ TC750**

- Crane liftable storage cage for storing and transporting heavy goods, and equipment.
- Built for the rail industry this is designed to hold Stress Testing Kits, but the large capacity can be utilised to store a wide range of items.
- LOLER certified to lift up to 750kg UDL.
- Full width front doors and opening top door makes the contents easily accessible by hand or crane.
- Top door uses gas struts and our SlamStop safety stay to increase safety and ease of use.
- Mesh front and back panels for visibility of contents.
- Secure lid with anti-jemmy reinforcements, steel deadbolts to secure doors plus hasp and staple for locking with padlock.
- Stackable for more efficient use of space.
